

Internal Medicine Residency Program

FAST FACTS

3-Year ACGME-Accredited Program

25 residents per year ■ 75 residents total ■ No research year

PROGRAM HIGHLIGHTS

- A “4+1” training model that allows residents to spend one week fully dedicated to continuity of care for their primary care patients in between four-week blocks assigned to a given rotation
- Team-based training with direct patient care and progressive responsibility as residents advance through the program
- Diverse training program with specialty experiences in neurology, critical care, cardiology, endocrinology, pulmonary medicine, geriatrics and more
- Daily didactic training exploring topics such as basic sciences, clinical practice, medical ethics and research methods
- Committed, passionate faculty
- A mentorship program to facilitate professional and personal growth and provide support throughout training
- Scholarly activity and quality improvement opportunities
- A state-of-the-art simulation lab
